## Overview of the Moodle gamification course

You will find answers to this questions in study materials on the BIP Moodle.

**Green Skills (English)**

Introduction

Welcome to the Green Skills course!

This course has been developed within the Erasmus+ project Future Work 4's and it will provide you with a basic orientation about the conditions of life on the Earth, about the human impact on ecosystems and about the fundamental global problems of our time.

- Study plan
- Initial survey
- Initial Self-Assessment

**Mini-task 1: Global environmental problems**

Newsdays, it still happens that people throw garbage in the nature and often don't even realize how long it takes for it to decompose. Can you correctly match the given objects and their decay time?

Drag&Drop: Global environmental problems

|                |          |               |              |                |            |
|----------------|----------|---------------|--------------|----------------|------------|
| 2 weeks        | 4 months | 1 year        | 15 years     | 100 years      | 1000 years |
| Plastic bottle | Glass    | Paper napkins | Apple nibble | Cigarette butt | T shirt    |
